Summary

Dynamic and detail-oriented Full-Stack Developer with expertise in building scalable web applications using the MERN stack (MongoDB, Express.js, React.js, Node.js). Adept at designing, developing, and deploying responsive, user-centric web applications while ensuring seamless backend functionality and database management. Skilled in problem-solving, performance optimization, and collaborating within cross-functional teams to deliver innovative solutions. Strong understanding of RESTful APIs, cloud services, and modern development tools with a focus on delivering high-quality, maintainable code. Passionate about staying current with emerging technologies and contributing to impactful projects.
